EDUCATION

Georgia institute of Technology_MSHCI

Zhejiang University_MSME GPA 3.72, ranking 1/45_Mar 2017

China Agricultural University_BSME GPA 3.87, ranking 3/105_Sep 2014

UX researcher -Second Buy

Helps GT become more ecofriendly by riding bikes.

started with contextual inquiry and interview in a local used bike selling spot; Based on findings, I made affinity mapping about users' pain points; Later I designed usability evaluation of our prototype.

Lo-Fi/Hi-Fi Prototyping Personas Wire framing Journey map Storyboard

UX designer -NamaSlay

Help people to choose when buying headphones.

Here besides my research with contexual inquiry, survey and usability test, I also made Lo-Fi and Hi-Fi deisgn that after hearing every teamate's ideas.

UX Research

Affinity Diagram Contextual inquiry Focus Group Interviews Usability Testing Survey Design Code scripts

Interaction/ Visual Designer -Speed Dating

Visualization about what female and male are looking for in the other sex.

My idea was proposed as the main visualization, and received positive responses all around when we present a poster. Now I am assisting software engineers to make it interactive.

Code

HTML/CSS/JS C# Python R d3
